

## New contract offering – Meridian Health Plan

Beaumont ACO is delighted to announce that we have completed a new value-based contract with Meridian Health Plan for their Medicaid and Medicare Advantage Product lines. This new contract is effective Jan. 1, 2020 and available to all ACO members in good standing.

Meridian has recognized the high-quality performance and success the ACO providers have achieved - being the No. 1 ACO in Michigan for MSSP for the 2018 performance year - and as a result have presented us with a unique contracting opportunity to participate in our market **and includes a new total cost of care value-based arrangement on their Medicaid population.** This contract rewards providers as we improve quality scores and reduce unnecessary cost and utilization on the population. Benefits Include:

- FFS payment at 100% of Medicare and Medicaid rates with no withholds
- 25% sharing on upside only total cost of care shared savings model
- Quality payments for improvement on metrics

If you are interested in gaining access to this new contract with Meridian through the Beaumont ACO, please contact the Beaumont ACO Provider Relations team at 947-522-0037 or by email at [ACOProviderRelations@beaumont.org](mailto:ACOProviderRelations@beaumont.org).
