

Flu vaccine reminder

Flu Vaccine Season runs from August 1, 2019 – March 31, 2020. How to close the gap?

- provide the flu shot in your office and document in your EMR
- document in your EMR if the patient had a flu shot elsewhere (CVS, work, etc.)
- if patient refuses/declines/is allergic, document the patient's decline/refusal/allergic tendency in your EMR

All documentation must occur annually.
