

Beaumont ACO Expanding Patient Outreach with CareSignal

About CareSignal

CareSignal is a scalable, deviceless remote patient monitoring platform that improves provider performance in value-based care by engaging and identifying rising-risk patients before they worsen. Beaumont ACO is partnering with CareSignal to expand our outreach to MSSP beneficiaries.

How Do Patients Enroll?

Beaumont ACO will identify eligible patients and enroll them in CareSignal.

Patients may ask their providers about the program.

Patients are more likely to enroll if their provider can answer questions about CareSignal. If you have any questions, or want to learn more, contact:

313-682-9075

Benefits of CareSignal for our Patients

- Keeps patients connected to Beaumont ACO's care team and their physician's care team between visits
- Easy-to-read, condition-specific messages
- Messages are always free to patients

Beaumont ACO

A Physician/Health System Partnership

How It Works

CareSignal engages patients through easy-to-use text messages and phone calls, enabling patients to report condition-specific information back to their care team.

Real-time alerts identify those patients whose condition is worsening, allowing Beaumont ACO's Care Coordinator to prioritize patient outreach before the patient worsens.

Portfolio of Programs

With 10 peer-reviewed publications, CareSignal provides clinically-relevant engagement for 30+ conditions. Beaumont ACO is currently using CareSignal's chronic condition programs:

- COPD
- Heart Failure
- Diabetes
- ESRD (Dialysis)
- Hypertension
