

Message from the CEO

Belal Abdallah, M.D., CEO and Board Chairman, Beaumont ACO

Medicare Shared Savings Program (MSSP) – 2021 Performance Year Results

We are pleased to announce that the Beaumont ACO once again has generated (and will share in) savings for the Center for Medicare and Medicaid Services (CMS) in the Medicare Shared Savings Program (MSSP), marking nine consecutive years in a row! The Beaumont ACO remains one of the top performing ACOs across the country and number one in the state of Michigan in terms of savings earned. Please see the table below for more details on our performance. Through our model of a physician / health system partnership we were able to create over \$10.5 Million (a 3.6% savings rate) in shared savings for the CMS in 2021, of which the Beaumont ACO gets to share in **\$7.9Million**. Additionally, our quality scores passed all CMS requirements allowing us full sharing rights in the program. These results place us in the top 85th percentile of all ACOs across the country.

Since inception the Beaumont ACO has generated roughly **\$184 Million Dollars** in savings for CMS and of that the ACO has received roughly **\$91 Million Dollars** of that savings. This performance is the best in Michigan over that time period. We are also proud to say that this has put us in the 99th percentile nationally among all ACOs. Our success in the program has allowed us to pass most of the shared savings generated, after infrastructure costs and reserve funding, back to the participating providers in the program. Currently we have over 1,000 physicians, both PCPs and Specialists, participating in our MSSP covering more than 26,000 patients. The Beaumont ACO is busy working on a distribution plan to ensure incentive checks are received by our providers in a timely manner and reward those who helped us earn the savings. This will be completed as part of our annual provider incentive distribution held in the 4th Quarter of each year. Once again, it is the Beaumont ACO's mission to represent the best interest for our physicians and hospitals working together to improve the care of our population with quality, efficiency, and patient satisfaction.

If you have additional questions, would like more details, or would like to speak with an ACO representative on how to participate in this contract, please contact our Provider Relations team at 947-522-0037 or via email at: AcoProviderRelations@beaumont.org.
