

Practice Spotlight

In 2018, the Beaumont Blanzly Clinic made history by becoming a Patient-Centered Medical Home designated practice after a five-year gap. The team at the Beaumont Blanzly Clinic has worked to embody more than just the concept of PCMH, but to deliver patient and family-centered care in every way possible. This practice has implemented processes that allow them to effectively serve their patients and achieve the best possible outcomes. The team has transformed their practice by providing a more personalized service with improved care delivery that also includes outreach. The providers and staff of the Beaumont Blanzly Clinic have worked at great lengths to tackle gaps in health care within their population by identifying and addressing them accordingly. They have done an exceptional job in their endeavor to put their patients first by providing continuous and coordinated care. The Beaumont Blanzly Clinic is dedicated to consistently improving and doing the upmost to incorporate best practices into their daily work to ensure that all patients receive the best care possible!
